

The Salt Light Center we supported comes under the Family Promise of Gwinnett County umbrella:

Effective immediately, the Salt Light Center has ceased operations due to lack of sustained funding.

Below is an excerpt from the Family Promise announcement:

We have, with heavy hearts, temporarily suspended the SaltLight Center and Aftercare operations until we raise the

necessary funds to run them effectively. With your help, we will continue to run our core program by serving families in the

church-based Homeless Recovery Program (HRP); we will provide case management for the families.

The dedication of this St. Oliver's Ministry has been unmatched. Each and every month the volunteers from St. Oliver's, have lovingly and selflessly delivered goods to this location, and the Southeast Gwinnett Food Co-op.

We do not know what the future holds for the Salt Light Center ----- but we will continue our monthly collections and delivery to the Southeast Gwinnett Food CoOP.

Peace

Deacon Randy
